

## GERMS SPREAD IN SKIN

Eczema, Psoriasis, and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years and years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema.

We have had experience with many remedies for skin trouble but have never—never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. We know that D. D. D. will help you. Benson, Smith & Co., Ltd.

FIRST DUAL MEET  
GOES TO  
OAHU

Punahou Athletes Down Kams After Plucky Up-Hill Exhibition By Latter's Team.

Oahu, Feb. 27: Kamehameha, 47½. With five of their best athletes laid up with more or less serious illnesses and injuries, the Kam track team went to fight Punahou yesterday afternoon in the first dual track meet of the season, and went down to honorable defeat. In only three events—the 220, broad jump and relay—was Kamehameha able to secure first place, but the wearers of the K put up a gallant fight for the place, show and fourth, and managed to run up the school score by consistent effort.

The meeting turned out about as forecast. Punahou being strong in the sprints and weights, while Kam showed best in the jumps. Brandt of Kam won the broad jump with 20 feet 1 inch, Hitchcock of Punahou being second. The hammer throw was a disappointment to the Ks, who counted on W. Apau to annex first, on account of his fine performance in the trial events last Friday. Will Paty, however, let out a few kinks and hurled the big lead ball 125 feet 2 inches, which was a couple of feet further than Apau's best effort.

Morgan, the Punahou captain, annexed the 100 for his team. Morgan is sprinting in great form these days, and in one of the steadiest point winners for his college. Ran Hitchcock and Passoth tied for first place in the pole vault, but the former did not come up to his record-breaking performance at the A. A. U. meeting. Inman, Punahou, took the shot, with Brandt second.

The Kam relay team, consisting of Spencer, Alau, Noah and S. Hussey, proved too swift for the Oahu quartet, and annexed the five points that the event counted. Four places counted in each event, scoring 5, 3, 2 and 1. The fractional score in the total is due to a tie between the schools for a fourth place.

Punahou took first in the 100, mile, pole vault, 440, hurdles, hammer, 880, shot and high jump. Kam took first in the 220, broad jump and relay.

The five men on whom Kamehameha counted who were unable to compete were Godfrey, Manoha, Hipa, Benjamin and Kulanahua. Their loss made a big hole in the team.

The second of the dual meets will be between Punahou and High School next Saturday. The next week Kamehameha and High, and the following week the tri-school championships will be pulled off.

UMPIRES HARD ON  
THE VISITING TEAM

There was a time when it was next to impossible for a major league team to win a close game in some places in the South, but fans have been taught now that it isn't the correct idea of sportsmanship to call out visiting batters on strikes when the ball is not within inches of the plate.

Detroit some years ago was playing with a team which is now out of existence. The man who umpired that game is living, but he never laughs when he talks about it.

Three men were on bases. Dan Brothers came to bat. Dan, it will be recalled, had a habit of hitting the ball over the fence, not now and then, but often.

The pitcher of the opposing team threw four balls to Brothers. One of them he could have batted, the other three, never; but he was called out just the same. Dan took one look at the umpire.

"There are two ways that I should treat you," said the big first baseman. "One is to pick you up and jam you through a crack over there in the fence, and the other is take off my shoe and spank you before this large and important gathering"—there were about 200 present—"as I would a kid who had been stealing apples."

"Why didn't you hit the ball?" said the umpire feebly.

"Hit it!" roared Brothers; "what do you think I am playing with, a saw log?"

## HARK FROM THE TOMB!

CHICAGO, Ill., Feb. 27.—Jack Curley, Jack Johnson and Jim Flynn today deposited in the hands of Al Toney \$15,000 forfeit money for the world's heavyweight bout. But two important matters remain now for the promoters and the principals; the first is to name the city that is to be "edited," and to stage the affair itself.

Curley said that if the fight is held in Nevada it would be either July 17 or 20, and if in Las Vegas, N. M., it will be on July 8. The Las Vegas promoters are willing to advance a \$100,000 purse and to take the responsibility of the affair off Curley's hands, giving him his bonus now.

TITLE HANGS ON  
FINAL SOCCER  
GAME

Only one game remains to be played in the Tri-School Soccer League, not counting the disputed contest between St. Louis and Kamehameha, which broke up in a misunderstanding, and which has been credited to neither team.

Next Friday St. Louis and High School meet, and on the result hangs the championship of the league, or, rather, the certainty of a dispute over the title. If the Saints win their score will be 7 points to Kamehameha's 6, and if the teams draw there will be a 6 to 6 tie for first place. As there seems to be no prospect of getting the two schools together to replay the disputed game, a win for High School is the only thing that will close the season in peace and quiet.

Following is the standing of the teams to date:

	P.	W.	L.	D.	Pts.
Kamehameha	5	2	1	2	6
St. Louis	4	1	0	3	5
High School	3	1	2	2	4

BOXERS EXPECTED TO MAKE SPEECHES  
BETWEEN ROUNDS AT SCRAPS IN CUBA

The Cuban fight fans have their own notions about how boxing bouts should be conducted. They do not tamper with the rules governing the time of rounds, the regulations regarding "fouls"—hitting in clinches, etc.—but they do insist that the time between sessions shall be of sufficient duration for each boxer to make a speech, and, if needs be, receive applause. The crowd will not permit the fight to proceed until the combatants have responded to the cheers of their friends. Tommy Smith, a lightweight, who recently boxed a negro boy named Bowers in Havana, in speaking on the subject, says that this method is a blessing; it gives a boxer a chance to recuperate.

"Before I went on with Bowers," said Smith, "the Cuban customs were duly explained to us, but we thought it was an excellent piece of 'kidding' on the part of the promoters. The first round ended in a warm rally on the ropes, and as we took our corners tremendous shouts of 'Smith, Smith, Smith.' Bowers, Bowers,' went up all over the theater. One of my Cuban seconds blazed in my ear: 'Step to the front of the ring and make a little speech.' I got up and walked to the ropes. Wild applause. 'Gentlemen,' said I, 'I thank you, and will endeavor to merit your applause.' They cheered again. Then the black boy addressed them: 'Fellers,' said he, 'I'll do mah very best to win his heah battle.' And the rafters rang.

"After every round the crowd cheered and we made a speech. In the fifth Bowers knocked me down for a six count, and I got up just as the bell rang. Thunders of applause. I went forward and said: 'Gentlemen, I will endeavor to make up for that knockdown in the immediate future,' and they nearly took the roof off.

"In the eighth I crossed a right to Bowers' jaw, and down went the black boy in a heap. He was counted out, and then the Cubans whooped it up for several minutes. When I could get in a word, I told them I was glad to have entertained them, thankful for their courtesy and hopeful of some day fighting Ad Wolgast before them. Terrific cheers and a shower of Spanish money. By this time Bowers was up, and he told them how sorry he was to have been defeated before so noble an audience. More cheers and a handful of money for him.

"Some of the rests between rounds, instead of one minute, were over four minutes, especially one time, when I felt groggy and needed all the time I could get. Some class to the Cubans, though, and believe me, some novelty in their ideas."

EXHIBIT CAUSE OF  
CHANGE IN MEETING

The Civic Federation is deeply interested in the work of the Palama Settlement, and the meeting of the Federation called for this evening has been postponed until the evening of March 4 for that reason. The following notice was sent out yesterday:

"In order to prevent a conflict with the Palama Public Welfare Exhibition being held this week the annual meeting of the Civic Federation which for almost a month has been scheduled to occur on the evening of the 27th, has been postponed to Monday evening March 4th, at 8 o'clock.

"The program as previously announced will then be carried out at Cooke Hall at the Y. M. C. A.

"In postponing its important annual meeting the Executive Committee does so feeling that the work being done at Palama is in line with the aims of the

WALL CUP PLAY  
REALLY STARTS

Play for the Wall Cup, the Beretania Tennis Club's trophy to be played for by members only, actually started yesterday afternoon, after no less than four postponements.

"Rain, rain, go away. Come again some other day. Beretania wants to play," chanted the tennis players for days at a time, but old J. Pluvius answered with a lot of that "liquid sunshine" that Honoluluans are so fond of—when they have things to do indoors.

However, yesterday turned out a really good one for tennis. The Beretania courts were in fine shape after their thorough soaking, and everyone felt like going in for the game good and hard. Two matches were completed, and one was played half through, being postponed on account of darkness.

Following were the results: Bockus beat F. Hoogs, 6-2, 6-1; Deerr beat C. Hoogs, 6-3, 6-3; Nowell won one set from Sinclair 8-6, and lost the second 3-6.

CHAMPIONSHIP GOLF  
DATES NOW FAVOR  
ALL PARTIES ALIKE

CHICAGO, Ill.—In order that Harold H. Hilton, British and United States amateur golf champion, may be able to compete, the date of the championship event at the Chicago golf tournament, set for the last week in July, has been changed to September 2nd-7th. Hilton, who won the championship at Apwamis last fall, could not reach here during July on account of other engagements.

Simultaneously it was agreed to change the date of the Western Golf Association open championship, set for September 5th-6th, at the Idlewild Country Club, to some time during August, so as not to conflict with the amateur championship.

The date of the national open championship event to be held at the Buffalo Country Club has been changed to August 1 and 2 to allow American professionals who go abroad to play in the British championship time to return home for the American series.

There has been some discussion regarding the changing of the date of the Western amateur championship now set for July 15-20, but no definite decision has been reached in the matter.

GURREY COLLECTION  
ON VIEW AT PALAMA

A very fine collection of fac-similes of old masters forms one of the interesting exhibits during Public Welfare week at Palama Settlement. The collection is loaned the exhibitors by Gurrey's art store, and Mr. Gurrey received the pictures only recently from London. They are undoubtedly among the finest ever brought to the islands.

## HELP!

A new one, sprung by Mickey McIntyre, a boxer well known in Boston, should go down in fight history along with other epoch-making events, such as the discovery of the solar plexus, the ulna bone and the os magnum.

Mickey was boxing last week at Glace Bay with Tommy Forey of Attleboro and the referee called the bout a draw. Mickey protested and declared Forey had beaten him, and should be given the decision. There is a movement to have Mickey's head examined when he returns to Boston.

The only other instance on record is that of a pitcher who said he had neither curves nor speed and asked to have his salary cut.

Cosmos	18	3	15	166

For a crippled team, ready to drop out of the league on account of being short-handed, and rolling two dummies, the Players gave a remarkably good account of themselves last night.

They took two out of three from the Brunswick-Balks, and while the scores weren't anything to chalk up on the bulletin board and point to with pride, they were good enough to cop the games, which is what counts in rolling individual strings. The losers had the better of the total pin-fall, the first game going to them by the big margin of 112 pins.

The real doings are on for this evening, when the Stragglers and Oahu, league leaders, come together on the drives. This will be the last meeting of the two teams during the first half of the schedule.

The scores of last night's play:

The dummies were very much in evidence last evening.

The least said of this game the better, says Wilkinson.

For the losers E. Schmidt had both high score and average, 191 and 158.

Evans was high score for the Players with 172, while White had high average, 158.

Captain White states that owing to the good showing of his crippled team in last night's game, he is likely to try and keep in the second series.

## JAPANESE HAMMER HEAVENS.

A Japanese hammer thrower seems almost an anomaly to us, who have rarely seen a large man from Japan, and if it is really true that John Phangan is going to the Orient to teach the art of throwing the hammer, it will be a most interesting experience. The Japanese are apt students in anything they undertake, and John is such an expert in style, as well as in execution, that he ought to make a good coach.

KING TO MAKE A  
FINAL TRY AT  
RECORDS

He Is Matched for Relay Race Against Four Over 10-Mile Route—May Go 15.

Soldier King wants to annex the 10-mile record before he leaves the Islands, so that if he happens to run across Jimmie Fitzgerald on the mainland, he can take it out of his suitcase and show it to his old-time Canadian rival. When Jimmie went away a couple of months ago, it was with the pleasing knowledge that he was carrying off nearly all of the professional running records. No sooner was his back turned, however, than King started a collection of his own, and now he holds about everything but the 10 and 15-mile marks.

King is now matched to go the 10-mile route against four speedy lads who have ambitions to break into the distance game. Arrangements were made last night, Tony de Mello, Manuel Cabral, Dave Kapu and Rulo Dese forming the quartet that will buck the speedy soldier. Each of these men will run 2½ miles, while King will cover the whole distance. The race will take place next Sunday, but just where it will be run has not yet been definitely decided. If Athletic Park is available it will be the preference.

"King wants that record before he goes away," said his manager, "Soap Box" Barron, this morning. "He's just as good as ever, and that means that he should be able to account for these four, although I hear they're all pretty good. If King breaks the 10-mile record and appears to be going strong, I'll send him right along for a try at the 15. If he gets these two he will have the laugh on Fitzgerald if he runs across him."

King is in good shape for a hard race. In fact, he is always in good shape, for he is one of the athletes who use neither tobacco nor liquor in any form.

## TWINKLE, TWINKLE.

Twinkle, twinkle, bush-league star! How we wonder what you are. Will you turn out just a bluff Or a diamond in the rough?

When you've left the hay-league nine And you've got a chance to shine Where the game's real bright lights are, Will you twinkle, little star?

When the old vet hits the rocks, When they yank him from the box, Will you save the day, or will You bat be a lumber still?

When the fans begin to roar For the team to tie the score, Will you tremble, wilt you flinch, Or make good, kid, in the pinch?

Many of your kind we've known—Boobs, with heads of solid bone—Twinkle in the bush, all right; But when they get here—good night!

Still we wonder, star so bright, If by any chance you're right—When you're up here do you think We shall ever see you twinkle?

Though, of course, we all shall doubt Till we've seen them try you out, Though we wonder what you are, May you twinkle, bush-league star.
